7. So now that you have completed my '*1-30 Violin Course*' you should now be a very accomplished player who feels confident and competent to move onto other music outside of this course.

You will now have all the necessary tools and skills to play pretty much waterer music you like, but if you are looking for or are interested in some more music to play, then I have a website with almost 1,000 sheets of violin music that I have arranged over the years of being online.

For as little as \$10 per month, you can have access to all that music, as well as violin backing tracks for some of the pieces and a fair bit of piano music too!

You can cancel your subscription at any time. None of this sheet music exists anywhere else on the internet; only here: <https://www.onlineviolintutor.com/>
